#eco-friendly

Manages a fleet of portable dry toilets

Structure : SENOÏS ASSOCIATION

St. Austremoine

Auvergne-Rhône-Alpes

This organization is based in Saint-Austremoine in the Haute-Loire department.

It manages a fleet of mobile dry toilets, which it uses at numerous festivals and other events.

Since 2020, it has created the seasonal cultural venue K-Fé Cirk in the heart of nature. In this way, it is expanding its cultural activities in a unique setting.

Our portable dry toilets: an eco-friendly sanitation solution for your events.

Equipped with about twenty portable stalls, urinals, and stalls adapted for people with reduced

mobility, the Senoïs association is able to serve a 300-kilometer radius around its headquarters for events ranging from a single day to several weeks.

Customized services

With the option to deploy an on-site team to handle maintenance and waste removal, our services are flexible and tailored to your needs.

Throughout your event, a team of one to six people can be deployed depending on the size of your event, its duration, and attendance.

This team will handle maintenance throughout your event to keep restrooms clean and pleasant. They will also ensure a constant supply of consumables, manage waste disposal, and assist the public to help reduce any wait times.

Turnkey
solutions Depending on your needs, several solutions are available:

- Self-managed rental, with restrooms to be picked up and returned to the association’s premises
- Self-managed rental, with cabins delivered to the event site
- All-inclusive service, with our staff handling everything from transportation and maintenance to setup and emptying.
