Support for projects promoting coherent, sustainable, and inclusive organic agriculture

Structure : ORGANIC NORMANDY

Normandy

AN ORGANIZATION SERVING FARMERS, LOCAL COMMUNITIES, AND ALL STAKEHOLDERS IN THE INDUSTRY

Bio en Normandie supports a coherent, sustainable, and inclusive organic development project to address the food, environmental, social, and economic challenges facing our regions.

Working to promote the agricultural and food transition, Bio en Normandie represents producers' interests before local institutions, as well as at the national level as a member of the

National Federation of Organic Agriculture

Our Actions

From project conception to implementation and in line with its values, BeN is on the ground, supporting producers, processors, and local communities to ensure the development and sustainability of locally sourced organic food

Welcoming and informing future organic producers

Advising and assisting with the transition to organic farming

Providing training in organic farming methods and their promotion

Assisting with farm establishment and succession

Supporting projects by producers and communities

Creating supply chains for short-distance distribution, school cafeterias, and institutional food service

Organize events that bring producers and consumers together

Establishing partnerships with local stakeholders who are innovating to achieve the same goals
