#discovery #environment #workshop

An organization dedicated to environmental education and nature conservation.

Structure : Bourgailh Ecosite

Pessac New Aquitaine

“The Écosite du Bourgailh Association is an organization dedicated to environmental education and nature conservation.

Our mission is to bring nature to as many people as possible and to contribute to its preservation. We pursue these goals through educational activities, expert assessments, ecological studies, and professional training programs.”

We carry out our work based on strong values that form the foundation of our association’s mission.

SHARING: Knowledge transfer / Community life / Shared vision / A shared natural space with diverse uses / Accessibility.

DYNAMISM: Diversity of activities / Regular renewal of offerings / Initiatives / Skill development / Physical mobility / Pursuit of renewal.
