### **La Ressourcerie Végétale: A Green Oasis in the Heart of the City**

Who hasn't dreamed of stepping into a lush green oasis? Of enjoying the soothing touch of nature? Of reconnecting with oneself, with others, and with the plant world?

At La Ressourcerie Végétale, we've decided to make that dream a reality. By creating a sanctuary for plants, we offer you a place of renewal in the heart of the city.

The Ressourcerie is, above all, a space for exchange and advice where nature has reclaimed its place. Located in the heart of Dijon, a third place dedicated to sustainable development, our association is based on an innovative concept: collecting and repurposing plants to give them a second life. By applying the principles of recycling and reuse to the plant world, we are fully

committed to a circular economy model.

### **Adopt our plants**

Want to enjoy the benefits of plants in your daily life? Step into our [retail space](#). We'd be happy to help you find the ones that perfectly suit your needs. And if, on the other hand, you have a plant at home that's taking up too much space, or that you can't take with you when you move... Don't throw it away! We'll gladly take it in to give it a second life.

### **Join our workshops**

Take a break from your daily routine: discover different activities to recharge your batteries. Surrounded by lush greenery, learn the right techniques to [care for your plants and develop your eco-friendly approach](#).

### **Bring nature into your workplace**

Greening workspaces offers undeniable benefits for employees. With our [plant rental](#) service, add a touch of nature to your events while doing your part for the environment.

### **Reinvent your meetings**
