- **FRIDAY:** 9:00 AM–4:45 PM

OUR SERVICES

CLOTHING BINS: Do you have clothes to donate? You can drop off your clothes at one of our 170 clothing bins located throughout the Saint-Étienne Métropole region. Every item of clothing you donate gets a second life thanks to our textile reuse program. After collecting your donations, we sort them, repair them if necessary, and give them a new purpose—either by reselling them at affordable prices or by transforming them into new products.

DROP-OFF LOCATIONS: Do you have items you'd like to bring directly to one of our locations? Please make an appointment to help us manage your drop-off more efficiently

We do not accept large appliances, school books, or construction waste

CLEAR-OUT: Do you need to clear out an apartment or house over several days? Whether it's for a move, a major cleanup, or simply to make space, our house-clearing service is here to help. We collect the items you wish to part with, whether they are furniture, appliances, books, or other goods in good condition. These items are then taken to our reuse center to be reused, recycled, or repurposed.
