LE LIEN

Tarbes Occitanie

Le Lien is a place where change-makers in the Bigorre region can meet and exchange ideas. We firmly believe that to address major environmental and social challenges, we must pool our strengths, skills, resources, and creativity.

We are driven by a shared vision: the desire to create services that enable us to work and live better together in a sustainable way.

At the heart of Le Lien, you'll discover a vibrant mosaic of **committed individuals**, all driven by a shared ambition: to contribute to a more sustainable and collaborative future for our region. These are our residents—the businesses, organizations, and collectives that, day after day, innovate and work to provide services aimed at improving our daily lives and strengthening our community bonds.
