Community Center for Mutual Aid and Solidarity in Pamiers

Structure : The Pamiers Valley

Pamiers Occitanie

"Le Fond du Pamiers" is a community center for mutual aid and solidarity in Pamiers (41 rue Victor Hugo), dedicated to fostering and strengthening social ties in the city and throughout the Ariège region. Any initiative that supports this goal is welcome!

This meeting place for everyone will offer, starting with its opening on November 2, 2024, activities designed to create and strengthen social ties in Pamiers and the surrounding Ariège region:

- a soup kitchen for people in need;
- administrative assistance (to help people navigate the CAF, MSA, paperwork for foreign nationals, housing issues, visitation rights, etc.);

- a library;
- a film club;
- a community bar;
- meetings;
- lectures;
- debates.

Faced with the struggles of daily life and to combat isolation and resignation, let's build a space for solidarity, mutual aid, and community in Pamiers.
