NATURE CONSERVATION ASSOCIATION

Structure : THE WEASEL

Quercy-Blanc

Occitanie

The La Belette Association was founded in 2019 with the goal of protecting wildlife. To achieve this, we have launched the creation of a wildlife rescue center as well as a nature education program.

We are a non-profit organization under the French Law of 1901, accredited under Article L141-1 of the Environmental Code.

The La Belette Wildlife Rescue Center is currently UNDER CONSTRUCTION.

?

A wildlife rescue center is an organization dedicated to preserving the natural environment and the species that inhabit it.

It primarily operates by providing care for wildlife in distress.

?

Distressed animals

The La Belette Wildlife Rescue Center is open to receive all wild animals found in distress.

You can contact us in an emergency at the following number: 07 88 64 15 41

?

If you find a wild animal in distress outside our service area, please contact the nearest wildlife rescue center as soon as possible; they will provide you with further instructions on what to do.

Coming soon!

The overall goal of the La Belette association is to protect biodiversity. It is therefore natural for us to work to raise awareness among as many people as possible about the challenges of tomorrow, whether through nature activities, the dissemination of information, or training in animal care.
