Citizens' Association for Environmental Preservation in Poissy and the Surrounding Area

Structure : Leafy Greens

Poissy Île-de-France

An association of citizens dedicated to environmental conservation in Poissy and the surrounding area. We organize local initiatives for residents, awareness-raising workshops, and community-building activities, as well as sharing zero-waste tips and teaching people how to conserve our resources and biodiversity.

We raise awareness about environmental preservation by sharing best practices through workshops, booths, and social media.

Our actions:

Reducing waste by refusing, avoiding, and questioning our consumption.

- Zero-waste workshops,
- Promoting bulk goods,
- Making your own products,
- Food waste reduction workshop
- “Taking control of your daily life” workshop
- Workshop on water

Recycle to reduce your trash by 40%

- Waste mural,
- Recycling activity booths,
- Raising awareness about proper sorting practices and the fate of waste.
- Collection of items to help vulnerable populations

Regenerate to reduce waste by 30% and promote soil biodiversity

- Compost bin loans and guidance
- Composting and vermicomposting workshops,
- Workshops on green waste management and permaculture,
- Soil health workshops,
- Interventions in community gardens
- Weekly forest waste collection

Our goal is to raise awareness about environmental conservation by sharing best practices with all residents and through hands-on initiatives.
