## **A PLACE TO WORK AND LIVE WHERE ENTREPRENEURS CAN MAKE PROGRESS ON THEIR PROJECTS AND COLLABORATE WITH STUDENTS AND INTERNS**

Structure : PATCH COWORK

La Charité-sur-Loire

Burgundy-Franche-Comté

### **Who are we?**

When the project was launched, a few freelancers got together, driven by a burning desire to create a warm and welcoming space where individual entrepreneurs could meet, collaborate, and break out of their isolation

We want to create a space for work and life where entrepreneurs can not only make progress on their projects and collaborate with students, interns, and work-study students, but also explore new horizons.

### **A PLACE TO LIVE AND CONNECT**

In addition to being a place for networking and sharing, the coworking space would also help showcase the strengths of our region. The town of La Charité-sur-Loire, just a 2-hour train ride from Paris, is also a popular tourist destination in the spring and summer. Patch Co Work aims to welcome digital nomads—whether for a day or a week—and connect the region's dynamic community.

## A PLACE TO GROW

Our goal is to gradually expand our range of services based on everyone's needs. Software, tools, printing, equipment, workshops, and meetups... A source of inspiration, creativity, and growth for all its members.

## A PLACE WHERE YOU FEEL AT HOME!

No more dreary, soulless workspaces! Patch Co Work, just like our logo, will be a warm, friendly, and lively place that makes you want to stay, work, and collaborate.

A place where you can grab a coffee and, in the medium term, a place to listen to music, attend an improv show, an exhibition, or a conference.
