Convergence of players in the digital and innovation sectors

Structure : Digital Brewery

Le Puy-en-Velay | Auvergne-Rhône-Alpes

La Brasserie du Digital, a hub for digital and innovation stakeholders, located at the Cité Numérique du Pensio in Le Puy-en-Velay.

La Brasserie du Digital is an association born out of a public-private partnership that brings together the strengths and talents of all stakeholders to organize and foster the local digital and innovation sector.

Spanning 1,750 square meters, La Brasserie du Digital is first and foremost a place for community, mutual support, exchange, coworking, and innovation. It ensures that no one feels isolated, allowing people to build connections and come together to brainstorm.

The association’s 4 pillars

A coworking space for digital professionals with access to a community that encourages

exchange, openness, and collaboration.

An incubator integrated into the coworking space, so that project leaders can receive tailored support in creating and launching their innovative solutions with a strong digital component.

Digital inclusion and agility, connecting those seeking support with the talents of its community, support structures, service providers and experts, local governments, and consular offices—whether for coworking or for finding service providers, job openings, recruitment needs, career guidance, expertise, and digital skills development.

Rental of spaces for meetings, video conferences, conferences… Rent inspiring spaces dedicated to creativity and cutting-edge work tools for all businesses in the region.

Hours: Monday through Thursday, 8:30 AM–6:30 PM

Friday 8:30 AM–5:30 PM

NEW:

The Panach'CLUB is a new service offering launched within La Brasserie du Digital, functioning as a hybrid works council since it is hosted by a third-place space for its users. Since September 2024, it has offered fitness classes and weekly delivery of vegetable baskets sourced from a local agricultural cooperative, with concierge services coming soon.
