## A WELCOMING, FESTIVE, INTERGENERATIONAL, AND INTERCULTURAL PLACE

Structure : L'Escabel

Toulouse

Occitanie

L'Escabel is a unique community space where people of all ages, genders, and perspectives come together and interact. This welcoming, festive, intergenerational, and intercultural space welcomes everyone with a spirit of openness and kindness.

### Our Mission

L'Escabel aims to foster social connections through a diverse program of activities and events. Committed to promoting the Social and Solidarity Economy (SSE), the café strives to combat isolation and facilitate encounters among residents of the neighborhood and beyond.

L'Escabel is committed to making culture accessible to everyone by offering free cultural and artistic activities that break down economic and social barriers.

We offer cultural actors a genuine space for expression, where creativity can flourish freely

Our rich and varied cultural program stems from a collaborative approach: it is built with, by, and for the neighborhood's residents. This participatory approach ensures a cultural offering that

meets the desires and needs of the community.

## A participatory program

The café's activities are organized thanks to the dedication of volunteers, as well as the active involvement of local organizations and residents of the Arnaud Bernard neighborhood, who together help make L'Escabel a true shared community space.

A community-minded, intergenerational, festive, welcoming, and cultural café in the Arnaud Bernard neighborhood of Toulouse
