COMMITTING TO ECO-FRIENDLY EVENTS

Structure : AREMACS

Lyon

Auvergne-Rhône-
Alpes

Aremacs supports professionals in the events, cultural, and sports sectors in their environmental and social transition

Event Support

- Customized assessment and recommendations for implementing an operational plan
- On-site support, provision of equipment and trained staff, public outreach, and evaluation
- Training and equipment loans to empower “small” events

Awareness-raising and engagement activities

Proposals for engagement and awareness-raising tools aimed at the public to drive behavioral change.

Information sessions on eco-responsibility issues

Facilitation and sharing of knowledge and technical expertise (eco-responsibility issues, responsible waste management, green brigades, etc.).

Regional engagement

Event production, network meetings (Eco-Responsible Event Days – JEER), coordination of regional and national stakeholder networks (Aura Eco-Responsible Event Network – REER), advocacy, and representation.
