#exchange #sustainable

Together, let s foster a sense of commitment and solidarity through a recycling center and a third place

Structure : Eco THE CLIQUE

Vézénobres Occitanie

L'Éco de LA CLIQUE: Together, let's foster commitment and solidarity!

At L'Éco de LA CLIQUE, we believe that every action counts in building a more united, inclusive, and sustainable world.

Our mission? To build connections, amplify local initiatives, and turn collective energy into tangible impact. To achieve this, we take action every day through:

- A committed resource center: Accepting donations, running a solidarity shop, and hosting creative workshops to extend the life of objects, reduce waste, and make the circular economy accessible to everyone.

- A vibrant third place: A space for meeting, sharing, and innovation, where community projects, collaborative workshops, and moments of togetherness come together. Whether by fighting waste, supporting vulnerable populations, or leading ecological and social projects, we put people and the planet at the heart of our actions.

Why join us? Make a difference: Your skills, your time, and your enthusiasm are invaluable. With us, every assignment is an opportunity to contribute to concrete projects that transform everyday life.

Embark on a human adventure: Join a caring community where mutual support and creativity are at the heart of everything we do. Here, we learn, share, and grow together.

Act locally, think globally: Whether you're passionate about ecology, the social economy, or the fight against inequality, our diverse missions adapt to your interests and availability.

Who is L'Éco de LA CLIQUE for? Anyone who wants to make a meaningful contribution, regardless of age, background, or experience. Whether you're a student, retiree, working professional, or looking to change careers, there's a place for you on our team!
