## GLASS RECYCLING ON REUNION ISLAND

Structure : REULITIZ

# RÉUTILIZ

The logo for 'Réutiliz' consists of the word 'RÉUTILIZ' in a bold, uppercase, sans-serif font, followed by a circular icon containing the letters 'RÉ' above a stylized smiley face.

Reunion Island

REUTILIZ is a nonprofit organization dedicated to reducing waste in Réunion.

Our main project focuses on reusing glass. The organization collects, washes, and redistributes containers.

### Recycling is good, but reusing is better!

30,000 tons of glass are wasted in Réunion every year.

80,000 plastic trays are thrown away every day.

*What if, instead of throwing them away, we reused them together?*

Support reuse by dropping off your glass bottles at [our collection points](#) located all over the island!
