ENGAGE CHILDREN, FAMILIES, SCHOOLS, AND BUSINESSES IN A SHARED ENVIRONMENTAL CAUSE.

Structure : Choose Your Planet

Since its founding, Choisis Ta Planète—an organization dedicated to EDUCATION FOR SUSTAINABLE DEVELOPMENT (ESD) and COMMUNITY BUILDING—has relied on educational films, workshops, and COLLECTIVE STORIES to foster environmental awareness. As Cyril Dion points out, “stories shape our lives” and help forge a shared vision of the world. By sharing stories that inspire hope, we provide an INSPIRING and UNIFYING framework capable of MOBILIZING children, families, schools, and businesses around a shared environmental cause.

No matter where you are

- schools can now sign up for the [Planet Challenge waiting list](#): A program designed for

REAL and LASTING IMPACT. The Planet Challenge was conceived as a PROGRESSIVE, POSITIVE, and ENGAGING journey, to help students take ownership of sustainable development issues and take concrete action.

Each step is designed to resonate with children's lived experiences and foster their long-term commitment, while supporting TEACHERS with ready-to-use tools. Our fun-filled world, where every child is a hero, helps prevent ECO-ANXIETY or transform it into POSITIVE energy! The Planet Challenge is a FREE educational program for schools, funded through corporate sponsorship.

What we offer: comprehensive support throughout the year

- **1** access to our **VOD PLATFORM**. This includes 40 original films on the SDGs, featuring children from around the world, along with educational resources (quizzes, scripts, activity sheets, etc.)??
- **2** in-class **sessions** led by our trained facilitators; each session is based on a film and leads to discussions, games, or concrete actions.
- **1 SUPPORT** to develop a community project. On-site assessment, solution-finding, action plan, implementation... Goal: to carry out a student-led project with measurable impact.
- **1 INSPIRING MEETING** with a committed expert to broaden perspectives, build confidence, and strengthen the connection between local action and global issues.
- **1 INDIVIDUAL JOURNAL** for each student to track their progress and record their ideas, actions, and reflections.
- **1** Closing **event** showcasing the projects, to highlight the students' commitment and strengthen their sense of collective pride.
