## RECYCLING CENTER, ORDER ONLINE

Structure : Nouvell'R

# NOUVELL'R

TORCY

Île-de-France

The Nouvell'R association was founded in June 2023 to offer alternatives to current consumption patterns and improve waste management in Torcy.

Its goal is to provide residents with solutions and information to help them reduce their waste production.

One of its first initiatives is the creation of a local mini-recycling center. This is a volunteer-run effort hosted by the municipality in a vacant space.

You can browse and reserve items of interest on the [dedicated website](#), then pick them up during open hours or by scheduling an appointment after making your reservation.

The recycling center operates exclusively on a Click & Collect basis. It is not a store, just a warehouse.

You can drop off your donations there and come to pick up and pay for your orders (reserved in advance through the website store).

### Hours:

- Friday 4–7 PM
- Saturday 10 AM–1 PM (except in summer)
- or by appointment via email at [info@nouvellrtorcy.fr](mailto:info@nouvellrtorcy.fr)
