A SPACE FOR MEETING, SHARING, AND EXCHANGING IDEAS TO FOSTER SOCIAL CONNECTIONS, EXPLORE ALTERNATIVES, AND PROMOTE ECO-FRIENDLY INITIATIVES

Structure : Counter of Possibilities

Les Matelles

Occitanie

A space for meeting, sharing, and exchange in Les Matelles to foster local social and intergenerational bonds, develop eco-friendly alternatives and initiatives, promote values of solidarity, and share knowledge, skills, and life lessons.

Our flagship initiatives:

- [Solidarity Flea Market](#)
- [Community Garden](#):
- [Garden Festival](#): A community garden located along the Lirou River, in the heart of the village. This **shared space** is maintained by its members and aims to:

Create vegetable plots and raised beds for residents who wish to grow their own vegetables, herbs, fruits, flowers, etc., for personal or community use.

To foster social connections among users through shared and collective activities (community projects, planting, DIY workshops, picnics, snacks, parties, etc.)

To provide a pleasant living space for the residents of Matel, where everyone can enjoy this

vast green space, both individually and collectively, and participate in events organized by the association's members.
