

TRICYCLE RIDES FOR SENIORS AND PEOPLE WITH LIMITED MOBILITY OUTDOORS AND IN COMPLETE SAFETY.

Structure : Cycling for All Ages

Vélo Sans Âge is a human and intergenerational adventure:

- Trike rides for seniors and people with mobility challenges, out in the fresh air, in complete safety.
- Intergenerational encounters, thanks to our volunteer drivers and to all of you we meet along the way!
- A rediscovered connection with nature, neighborhoods, memories... and life.

À Vélo sans Âge is a non-profit organization under the French law of 1901

Our mission

To offer older adults, even those who are dependent, the simple pleasure of feeling the wind, laughing along the way, exchanging a glance or a song—in short, of being fully alive.

Our goals:

- To give older adults back the right to experience the city and nature
- To build connections between generations
- Fostering genuine human connections

Going for a ride with À Vélo Sans Âge means:

- The opportunity to go out as often as possible throughout the year
- Exploring your neighborhood—and even further afield
- Feeling the wind in your hair, the air on your face, the sun or the shade of the woods
- The scent of the city, the fields, the flowers, freshly cut grass, a storm moving away
- Encounters: mothers with their strollers, young children at play, students studying on the lawn, adults going about their business, retirees also getting some fresh air, sunshine, and time

But also attentive pilots, eager to get to know you, to share your passions, your desires, your story
