AMORCE supports public policies on household waste management by advocating on behalf of local governments

Structure : Priming

For 30 years, AMORCE has supported public policies on household waste management by advocating for the interests of local governments, extended producer responsibility, and a balanced tax system to ensure a successful ecological transition in their communities.

By the numbers:

Over 1,100 members 2/3 of local governments: municipalities, associations of municipalities, urban communities…

3/4 of regions

- 1/3 of departments
- 100% of metropolitan areas
- 100% of urban communities
- Over 100 metropolitan communities
- nearly 200 communities of municipalities and central cities

They are home to more than 60 million people across the entire French territory (metropolitan,

island, and overseas territories)

Our missions:

Regional waste management: Drawing on its expertise, AMORCE supports and advocates for local authorities committed to the circular economy in the areas of:

- Planning
- Prevention
- Extended Producer Responsibility (EPR)
- Collection
- Recycling
- Organic and Energy Recovery
- Storage

Energy transition: Drawing on its expertise, AMORCE supports and advocates for communities committed to the energy transition in the areas of:

- Energy and climate planning
- Energy management
- Energy renovation
- Combating energy insecurity
- Gas and electricity distribution
- Renewable energy
