

#creation

WE COLLECT ITEMS THAT HAVE BECOME CLUTTER AND GIVE THEM A NEW LEASE ON LIFE BY TRANSFORMING THEM INTO UNIQUE AND ORIGINAL PIECES

Structure : Eco-Solidarity Workshop

Bordeaux

New Aquitaine

Our mission is to give your items a second life

Help reduce the impact of waste on the climate by extending the useful life of your items and furniture instead of turning them into waste.

We recycle fabrics, furniture, decorations, and lighting that have become clutter as part of an eco-friendly approach to transform them into unique and original pieces. All our creations are available for sale in our showroom. In addition, we work with companies and local governments committed to sustainable development to design their workspaces with originality, personality, and creativity. Our "selection" evolves every week based on the creations of our employees and volunteers

How does it work?

01. Collection: We collect items that individuals and businesses want to get rid of.

02. Reuse: We select the items in the best condition. We creatively repurpose other items set aside

03. Redistribution: We sell items that have not been repurposed at affordable prices. We set up a display and sales area for furniture that has been creatively repurposed.

04. Awareness-raising: We create or participate in public events to raise awareness among users about the benefits of reusing objects and furniture.

Showroom & Workshop: 7 rue La Motte Picquet, Bordeaux Bacalan, Monday through Friday from 10 a.m. to 12 p.m. and 1 p.m. to 6 p.m. – 2 p.m. to 6 p.m. on Saturdays
