#environment #integration #social divide

We provide innovative solutions to people 5 basic needs including access to nutritious food, environmental restoration, and quality of life and work to bridge the social divide and combat all forms of

Structure : The Guardian Angels

Old church Hauts-de-France

With a strong community focus, Les Anges Gardins works to promote social integration, lifelong learning, and the development of new social practices and activities specifically related to food

A community education organization

A structure for integration through economic activity (ACI)

A member of the Cocagne Network

We provide **new solutions to people's essential needs** (good food, environmental restoration, quality of life) and **fight against the social divide and all forms of injustice** in these areas

By choosing food as a vehicle for ecological and solidarity-based transition, we want to contribute in our own way to this challenge of change and share it

- Development of local supply chains
- Cooperation and exchange of services and knowledge
- Integration initiatives through economic activity
- Community initiatives for exchange and mutual aid in the various regions where the association is establishing its activities
- Creation of exchange initiatives specific to the association and its community (the MANNE)
- Advocacy, information, and awareness-raising initiatives
- Creation of hub spaces to bring people together and broaden everyone's horizons (facilitation of "third places," where shared dining is a key component of the association's social and societal action)
