#garden

An informal network bringing together various organizations that promote community gardens

Structure : The Garden in All Its Forms (JTSE)

As early as 1997, an informal network began to take shape and quickly organized itself:
the **JARDIN DANS TOUS SES ETATS** (JTSE) network.
United by shared values, formalized in a Charter, its members represent most regions of metropolitan France, where they work to promote the creation of community gardens by local residents.

Managed by a collective of about ten regional, associative, and cooperative organizations, this network is a recognized point of contact for various official bodies and a driving force behind numerous publications, training sessions, and meetings on the topic of shared gardens.
You will find the list and contact information for regional representatives:

- *Auvergne-Rhône-Alpes*, **"Le passe jardins" Association**, Manon TELLIEZ, 131 rue Challemel LACOUR, 69008 LYON, 04 78 00 22 59, contact@lepassejardins.fr, www.lepassejardins.fr/
