#help

Development of a mobility platform for everyone, vehicle rentals, and assistance with obtaining a driver's license

Structure : PATS'

P.A.T.S ! Mobilité
Projets et Actions pour des Territoires Solidaires !

Château-Thierry | Hauts-de-France

The association's mission is to create jobs by addressing the needs of the community or by developing new services. To this end, we have developed a mobility platform designed for everyone:

- electric bike rentals

- social transportation - driver's licenses

The association was founded in NOVEMBER 2012, spearheaded by Patricia Jannel, a founding member.

We have been certified **as a "Personal Services" provider** since January 2014.

We offer various services, including accompanied transportation, grocery delivery, etc.

.

Our mobility platform offers additional services such as financing for a driver's license for RSA recipients, subject to approval of the project by the case manager.

We offer preparatory courses for the written driving test for everyone.

In 2013, thanks to support from the Fondation de France, we acquired 6 electric-assist bicycles. Today, 15 bicycles are in operation, and we plan to expand the fleet with support from the government.

The platform will be strengthened by providing two license-free cars, reserved for users of the mobility platform
