# An endowment fund established to support and promote nonprofit projects aimed at protecting our environment and strengthening social ties

Structure : The Red Hen

La Poule Rousse
Fonds De Dotation

La Poule Rousse is an endowment fund created to support and encourage nonprofit projects aimed at protecting our environment and strengthening social ties. La Poule Rousse relies on a network of associations dedicated to the public good.

**Our areas of focus**

- **Ecology**

Aware of the urgent need to preserve our environment and its biodiversity, and to combat climate change while reducing waste and various forms of pollution, La Poule Rousse is committed to encouraging projects aimed at promoting greater ecological awareness. The concrete projects supported by La Poule Rousse are rooted in the belief that the well-being of communities and future generations is closely tied to environmental sustainability.

- **Social Cohesion**

With population growth, the depletion of natural resources, and climate change, the number of vulnerable people and inequalities are increasing at an alarming rate. La Poule Rousse focuses on projects aimed at addressing this situation by strengthening social bonds and preventing all forms of exclusion (food insecurity, marginalization, domestic or identity-based violence, sexual orientation, disability, lack of training, or distance from employment…).

La Poule Rousse partners with organizations that carry out projects aligned with the endowment fund's objectives. These organizations are located throughout the country. Their scope of action can be local, regional, or national.
