Adie supports you every step of the way as you start your business

Structure : ADIE

Adie is the organization that supports you every step of the way as you start your business

- Every week, you can participate in workshops at one of our offices, or in web conferences from home, on a variety of topics related to starting a business
- An online tool to build your business plan
- A network of specialists ready to assist you
- Practical guides

Our offerings:

- Business loan
- Mobility loans
- Insurance

Every year, Adie helps more than 25,000 people—regardless of their age, financial means, background, life experience, or level of education—secure funding and receive support in starting their own businesses. There are

many ways to support Adie's work:

- Financial donations: Thanks to your generosity, these individuals—who are excluded from traditional bank financing—can create their own jobs.
  Your donations to the Adie Fund entitle you to tax deductions depending on the tax category you choose:
  66% under the Income Tax,
  75% under the Real Estate Wealth Tax,
  60% under the Corporate Tax.

- Payroll Rounding: We were the first to test Payroll Rounding in France. Microdon allows you to donate a portion of your employees' salaries to a cause they care about. The principle is simple and almost effortless for employees who authorize the deduction of cents from their pay stubs each month to benefit Adie (but they can also choose to donate several euros!).

- Charity fundraisers: Team building, farewell parties, corporate gifts, and sports races are all opportunities to set up a charity fundraiser to make a donation to the organization that matters to you.

- Volunteering and skills-based sponsorship: Whether short- or long-term, volunteering and skills-based sponsorship are essential resources for amplifying Adie's impact. Being a volunteer at Adie means supporting women and men as they build their business projects. Our volunteers work throughout France, based on their skills, interests, and availability.
