Brings together stakeholders in inclusive mobility in Brittany

Structure : Mob'in Brittany

Brittany

Since 2021, Mob’In Bretagne has been bringing together stakeholders in inclusive mobility in the region, and now comprises 15 member organizations: mobility platforms, social driving schools, community auto repair shops, and more.

It represents its members, pools expertise and resources, supports projects, and raises awareness about sustainable mobility issues.

Our founding principles

Knowing how to get around: Supporting and training individuals to develop the skills they need to get around independently and sustainably.

Being able to get around: Providing material and financial resources and transportation solutions accessible to all.

Developing regional projects: Contributing to cooperation among public, economic, and community stakeholders to create a regional ecosystem.

By the numbers

12 Mob'In associations in the region represented across the territory.

260 member organizations active within the Network.

162,000 people supported in finding suitable mobility solutions.
