## COMMUNITY-BASED RIDE-SHARING PLATFORM IN CENTRAL BRITTANY.

Structure : Ker Breizh Mobility

Brittany

### A community-based transportation platform in Central Brittany.

**Our goal:** to help people regain their independence so that mobility is no longer a barrier to daily life. The Ker Breizh Mobilité team operates in the municipalities of Loudéac Communauté Bretagne Centre, Pontivy Communauté, and Centre Morbihan Communauté.

### 1 in 5 people in Brittany reportedly faces mobility challenges

**Getting around means being able to access employment, but also services, healthcare, and social life**

By bringing together initiatives to promote people's ability to move and their knowledge of how to move, our aim is to address the issue of mobility in a more comprehensive way across the residents' catchment area, encompassing Pontivy Community, Centre Morbihan Community, and Loudéac Community Bretagne Centre.

### The missions of Ker Breizh Mobilité

- **Supporting** people in Central Brittany in their quest for independence through mobility.
- **Test** mobility solutions to provide tailored responses to residents.
- **Develop** partnerships to improve coordination among support service providers (health, housing, mobility, finance, etc.)
- **Facilitate** interaction between the public and private sectors around solidarity-based mobility in Central Brittany.

### Our support services

- Advice and information on individual rights and available solutions
- Personalized support with a mobility advisor near you
- Practical support (solidarity-based and temporary rentals)
- Group support organized by topic (cycling, traffic laws, budgeting, etc.)
