RECYCLE USED HOTEL SOAP AND MAKE IT AVAILABLE TO THOSE IN NEED

Structure : Unisoap

Since 2017, Unisoap **has been turning** used hotel **soap** into a resource for those most in need.

They collect soap from hotels, recycle it, and distribute it to people who truly need it.

Since 2021, they have also been collecting **unsold cosmetics** from manufacturers (shampoos, toothpaste, creams, etc.).

Their mission: to provide access to hygiene while reducing waste.

A good deed for people and for the planet.
