# Toulouse Designer Market, showcasing local craftsmanship and creativity

Structure : Handmade

Toulouse Occitanie

**Who are we?**

Fait Main 31 is a nonprofit organization (under the French Law of 1901)

Founded in March 2014, the Fait Main 31 association brings together Toulouse-based creators united by a passion for handmade crafts.

Young, dynamic, ambitious, supportive, friendly, and human—these are the values and strengths that define Fait Main 31!

Thus, the work of member creators is showcased through events organized by the association.

And it is in a spirit of friendliness and professionalism that the organization of its events takes place, such as “Le Dimanche des Créateurs” (a recurring market from April to December on Place Saint-Pierre in Toulouse).

Dynamic and ambitious, Fait Main 31 aims to evolve the association toward a more collaborative model where each creator will not only be a market participant but also a stakeholder and a source of new ideas.
