Recycling Center

Structure : The Lodevo Recycling Center

Difficulté : facile

Lodève | Occitanie

As an innovative player in the circular economy and the social and solidarity economy, and as a social integration enterprise, we offer a range of services to businesses, the public sector, and individuals. Our services are designed to provide you with a solution tailored to your needs.

Our Missions

Reuse
Repair
Recycle

Our History

Founded in 2016 by a group of citizens,
Le Recyclage Lodévois has grown into a professional organization with a team of employees and volunteers and has opened **two stores**.
Convinced by the project, **she joined the initiative in 2022** to provide it with the human and material resources needed to develop new activities.

Our Functions

Collect: Anything that can be reused
Recycle: Sorting, cleaning, repair
Redistribute: Direct sales of items at affordable
prices **Raise Awareness:** Learning to change our behaviors and reduce our waste
