The purpose of this association is:

To serve as a think tank for ideas and initiatives regarding the creation, future, and development of the Terre de Soins eco-community. To provide support (financial, energy, time) for the establishment and development of the Terre de Soins eco-community.

Terre de Soins is:

- A place for sharing wisdom and skills to contribute to inner peace and peace with all forms of life around us.
- A place where everyone strives to listen, follow, enrich, and develop their soul and become aware of their essential being, their heart.
- To be a place that provides human and material assistance to people in need or facing difficulties, without distinction of gender, ethnicity, belief, or opinion.
- To be a place that respects, protects, and cares for the earth, flora, and fauna.
- To be a place of experimentation to create a healthier future for future generations.
