#To know

Ariège Nature Conservancy

Structure : Ariège Naturalists Association (ANA)

Difficulté : facile

Occitanie

The ANA–Ariège Nature Conservancy is dedicated to the study of biodiversity, natural habitats, flora and fauna, and the relationship between humans and nature throughout the Ariège department. Its mission is to promote openness through dialogue and ongoing partnerships.

Its mission is structured around four key areas:

Knowledge: enriching knowledge in the field of natural sciences,

Share and promote: making this knowledge accessible to the widest possible audience while upholding moral and scientific ethics, and highlighting the richness of our natural heritage through various media,

Preserve: protecting habitats and species while addressing challenges

related to human activities,

Support: empowering local stakeholders to recognize and value local biodiversity.
