Local, practical, and ambitious circular economy solutions in the worlds of sports and transportation

Structure : Lezprit is restocking

Difficulté : facile

Montpellier Occitanie

At **Lezprit Requipe**, we place **sports and active mobility** at the heart of our commitment to a more sustainable world.

* **A concrete commitment to the environment**: By promoting the circular economy, we reduce waste and extend the lifespan of equipment.

* **Quality and professionalism**: We are committed to providing high-quality services, backed by expert know-how and professional rigor.

* **Active mobility and sports for all**: We promote solutions that facilitate access to sports and sustainable transportation, which are essential for health and the ecological transition.

* **Innovation for impact**: We explore new approaches to address environmental and social challenges: usage, technology, cooperation, and more.

* **A social and solidarity-based economy**: More than just a model, we champion a human-centered approach, where the quality of work, the well-being of our teams, and cooperation are at the heart of how we operate.

* **Sustainable and responsible autonomy**: Because sustainability is key, we are building a resilient

organization that demonstrates every day that positive impact and viability can go hand in hand.

Extending the lifespan of sports equipment and mobility devices

Reducing the amount of waste generated by these sectors

Offering high-quality, sustainable **circular economy solutions**

Developing the sharing economy

THE TEAM

Kévin, Sandy, Antoine, Sébastien, Antoine, Fabricio, Thibaut, Timélia, Thomas, Ambessa, Michel, and all the volunteers!
