

CALL FOR INNOVATIVE PROJECTS IN ECO-CITIZENSHIP

Structure : Eco-Citizens of the Huveaune Valley

Difficulté : facile

Provence-Alpes-
Côte d'Azur

Located at the heart of an extremely fragile ecosystem (the Huveaune Valley), our actions aim to raise awareness about the protection and restoration of biodiversity in our region through gardens, apiaries, and eco-creative activities. At our level, these actions aim to contribute to achieving the Sustainable Development Goals set by the UN for 2030.
