Are you looking for affordable solutions to make daily life easier for you or your loved ones who are losing their independence?

Discover our refurbished assistive devices, designed to improve your quality of life. Whether for getting around, performing daily tasks, or taking care of yourself, these solutions adapt to your needs—whether you have temporary or permanent difficulties, are disabled, have limited mobility, or are a senior, and whether you're at home or in a specialized facility such as a retirement home, a nursing home, or a rehabilitation center.

Collected from donors (individuals, nursing homes), the assistive devices are sorted, cleaned, restored to good working condition, and then sanitized in our refurbishment workshops to be offered for sale or rent with a one-year warranty.

1. Pickup is free at your home or at facilities by appointment throughout the Hérault department.

2. Reconditioning (sorting, cleaning, inspection, repair, adjustment, sanitization) is carried out in the workshops in Sauvian and Lodève.
3. The assistive devices are then offered for sale or rent on the "Our Assistive Devices" page.

Two shops/workshops are available to you in the Hérault department (Sauvian and Lodève)
