## A CULTURAL HUB FOR GATHERINGS, SOCIALIZING, AND COMMUNITY ENGAGEMENT

Structure : Généreux Neighborhood

Difficulté : facile

Montpellier

Occitanie

Le Quartier Généreux is a community-run cultural café with a social mission, open to the neighborhoods around it. Our programming is participatory, and we welcome all proposals that align with our mission statement and values.

Come with family or friends. You can also come alone to meet new people or run into your neighbors. We hope everyone can build connections and make local connections here! The idea is also to enable residents to create or strengthen initiatives around cultural projects, social issues, political topics, and environmental action.

The program is developed by a dedicated working group, in which anyone can get involved. To stay true to the HQ's goals and purpose, we've established certain criteria to follow in our programming, such as:

- gender parity,
- a mix of artistic genres,
- openness to beginners or new formats,
- prioritizing local artists and speakers (Montpellier and surrounding areas).
