Looking for a little escape to reconnect?

How about giving your children the chance to:

- a break from daily life and screens,
- a boost of self-confidence and trust in others,
- a breath of human warmth and freedom,
- a breath of fresh air, joy, and the feeling that “anything is possible”?

We’re waiting for them to experience cooperation with themselves, others, and nature—all while having fun!

Two options available (click the links to learn more):

- summer camps in the Gers (with accommodation)
- or through nature camps and clubs in the Basque Country (without accommodation).
