HARVESTING FORGOTTEN PLANTS AND FRUITS

Structure : The Gleaners

Difficulté : facile

Sommières

Occitanie

The association aims to help people rediscover forgotten or neglected plants and fruits.

To celebrate our region, come pick, forage, and transform nature's bounty in the cooking workshops held every week on Thursday mornings from 9 a.m. to 12 p.m. at the Villevieille community center.

We have an online shop for jams, coulis, herbs, and more....
