Clothing and shoe donation bins, job placement

Structure : The Relay

Difficulté : facile

Do you have shoes or clothes that are too small, out of style, or worn out? Don't wear them anymore? Don't let them pile up in your closets—and above all, don't throw them in the trash! They can create jobs and, when worn by others or recycled, start a second life in the spirit of solidarity.

DING FRING: Affordable clothes and local community-minded shopping

Shopping enthusiasts, men or women, young or old, come discover or rediscover the Ding Fring charity thrift stores. Year-round sale prices, low-cost brand-name clothing, vintage, retro, streetwear, as well as suits, tailored outfits… there's something for every taste, every age, and every budget—especially the smallest ones!

Our 96 stores offer a wide range of clothing, shoes, home linens, leather goods… selected from high-quality items in excellent condition collected by Relais. New arrivals come in daily, rock-bottom prices are guaranteed, and sometimes you'll find brand-name items. For our regular customers, we offer a loyalty card program.

A network of companies dedicated to social integration

Relais is not just about collecting and repurposing textiles. To provide a comprehensive solution for social integration, it brings together other businesses that, like the textile sector, create jobs for low-skilled or unskilled workers or help improve the living conditions of people facing social exclusion.

Other companies in the Relais network

- Lyd France, paint tailored to your needs!
- Espérance, your packaging partner
- Interinser, a temporary employment agency focused on workforce integration
- Les Toits de l'Espoir, a design firm for social housing
