#economy #energy #support

A free, impartial advisory service on water and energy conservation, energy-efficient renovations, and transportation

Structure : ALEC

Difficulté : facile

Montpellier Occitanie

The Montpellier Métropole Local Energy and Climate Agency (ALEC) is a recognized public interest organization. It **advises and supports individuals**, local governments, and businesses on issues related to renovation, energy, and water.

ALEC aims to change habits and mindsets regarding consumption, housing, and transportation.

The mission:

ALEC works on:

- **the renovation of housing**, public buildings, and offices
- **energy efficiency and conservation** (reducing consumption and bills, choosing energy-efficient materials),
- renewable energy (solar, wood, geothermal, etc.),
- water conservation,
- air quality,

- the fight against global warming.

To this end, ALEC implements several types of initiatives:

- sharing of technical and legal information
- technical and financial advice
- events (conferences, visits, hands-on workshops, etc.)
- training
- project support.
