Bron Solidarity and Environmental Initiatives

The BISE association aims to raise awareness about environmental issues through community-based, supportive, and friendly initiatives in Bron. Fostering social connections through camaraderie and mutual aid is a key objective.

The association pursues the following goals:

- To advance environmentalism and solidarity in Bron
- Raising public awareness through the organization of various initiatives, for and with the residents of Bron

Themes:

- nature and biodiversity
- food
- sustainable resource use
- sustainable transportation
- solidarity and the development of social ties among residents

The BISE association aims to carry out initiatives such as:

- Workshops on making household products
- Trash collection
- Bike rides
- Activities with schools
- Informal get-togethers
- Film screenings with discussions
- Mural painting
- Challenges proposed by metropolitan organizations (Déclics, FAAP, “Put Your Trash on a Diet,” biodiversity)
