La Mêlée: Facilitating Digital Transformation in Occitanie

La Mêlée is an association dedicated to promoting innovation, inclusion, and digital transformation.

We bring together talent to create a dynamic and collaborative ecosystem.

We offer a full range of events to support your growth throughout the year. Whether you're a business or an individual, we have the solutions you need.

In March: Responsible Digital Days in Occitanie

In April: Digital Cleanup Week in Montpellier

Members' Morning Session – Digital Health & Innovation in Toulouse

Digital Workshops for

Seniors What Digital Path for Local Governments?

Regional Webinar – AI for All Week in Occitanie

La Mêlée offers:

- Training, an essential lever for your performance: Thanks to its expertise and a network of specialized member trainers, La Mêlée offers training tailored to today's digital challenges. Our programs, designed to meet the needs of organizations and individuals, combine theoretical knowledge with practical application to foster the acquisition of directly applicable skills
- Certify your skills with Pix: Launched by the French government in 2016, Pix is a non-profit organization bringing together various public stakeholders in education and training. Its mission: to help everyone develop their digital skills, which have become essential in both professional and personal life.
- La Cantine by La Mêlée for working, meeting, and entrepreneurship: La Cantine by La Mêlée is a space dedicated to work, networking, and innovation. Take advantage of a stimulating environment to organize your meetings, host your events, work in a different way, and develop your projects within a dynamic digital ecosystem.

Support:

- RhinOcc: Network and Hub for Digital Inclusion in Occitanie – is the regional support mechanism dedicated to assisting stakeholders in digital inclusion.
Present in all 13 departments of Occitanie, RhinOcc supports public, nonprofit, and private organizations committed to combating digital exclusion by facilitating coordination, knowledge sharing, and networking.
- Le Reconditionné: La Mêlée is committed to sustainable and responsible digital practices by working alongside regional stakeholders to encourage the reuse and refurbishment of IT equipment.
