Development and delivery of fun, collaborative workshops on water, for all ages

Structure : EAU'DYSEE

Lyon | Auvergne-Rhône-Alpes

Eau’Dyssée is a non-profit organization established in 2021 that makes information on water-related topics accessible to the public. Eau’Dyssée’s goal is to disseminate scientific and technical information in the field of water and all related issues (environment, climate, biodiversity, etc.). The organization reaches out to everyone through interactive workshops, which are created by its members or in collaboration with external partners.

The Water Fresco Workshop ADULTS: 50 cards, 4 games
Discover the challenges related to water, its availability, its uses, and how these are affected by

climate change.
This workshop helps build a comprehensive understanding of the water cycle through a card game that players set up in four categories: the natural water cycle, the anthropogenic water cycle (influenced by humans), as well as the impacts of human activity and climate change on these cycles. A discussion then follows to explore individual and collective actions that can be taken.

The Junior
Water Fresco The Junior Water Fresco workshop: 41 cards, 24 stickers, 2 games, designed for ages 8–15!
A workshop specifically designed to engage younger children and raise their awareness about water resources.
This Junior workshop can also be played by adults!

The River Fresque Workshop: 64 cards, 3 games!
Easily understand what a river is, the services they provide, and the threats they face. This workshop helps you understand river-related ecosystems in greater detail

These workshops are based on reliable and verified sources, with corresponding resources provided at each step.
