COLLECTION OF SNEAKERS TO BE REFURBISHED AND RESOLD AT A CHARITY SHOP

Structure : Sneak'CœurZ

Île-de-France

Sneak'CœurZ is a nonprofit organization established on October 12, 2020, that quickly began specializing in the collection and reconditioning of sneakers.

Our commitment is part of a circular economy approach. We limit consumption and waste by promoting the circulation of collected shoes within our charity shop.

As France's first organization specializing in the collection of sneakers, we are committed to giving them a second life, with a focus on solidarity and environmental responsibility.

Every pair dropped off at our location is sorted, cleaned, and reconditioned in our Workshops

and Integration Projects before being sold in our charity shop or redistributed to those who need them most.

- A fun and responsible introduction to cleaning sneakers with the goal of fostering eco-conscious behavior.
- A refurbishment workshop in the form of a job placement program
- A fun and creative workshop to awaken your inner artist while fostering responsible sneaker consumption.

Once refurbished, we sell them, but we also commit to a solidarity initiative by redistributing pairs to people in need
