Community education for individual and collective empowerment and the ecological transition

Structure : SIDE ROADS

Megrit Brittany

Les Chemins de Traverse is a community education organization dedicated to individual and collective empowerment, social justice, and the ecological transition.

Our Areas of Focus

Education and Ecology

- Raising awareness of environmental issues
- Discovering and respecting living things
- Initiatives promoting sustainable lifestyles

Social cohesion and solidarity

- Inclusion and civic participation
- Combating inequality
- Building connections between communities

Community education

- Sharing knowledge accessible to everyone
- Experiential learning
- Participatory and collective approaches

Our initiatives

- An educational, ecological, and social space featuring:-
  nature-themed workshops - year-round cultural events: the P'tit Festi, evening gatherings, storytelling walks
  - a micro-farm -
  unique overnight stays in a Saharan tent (in the planning stages)
- The workshops are designed for various audiences:- Early childhood (ages 0–3) in the context of a MAM, a daycare center, or early childhood centers (RPE) with child care providers or parents,
  - Children, on Wednesday mornings, Saturday afternoons, or during school breaks;
  - medical-educational institutions (IME), residential care homes, or any other specialized facility; - child welfare services (ASE)
  ; - after-school care centers (ALSH)
  ; - families
  ; - schools
