ECO-MOBILITY AWARENESS WORKSHOP

Structure : TRANSPORTATION

Auvergne-Rhône-
Alpes

La Transporterie, our organization, focuses on the issues surrounding systematic “solo driving.”

Car-only travel: a somewhat awkward term referring to the practice of traveling alone in a car.

La Transporterie's main area of influence covers the Communauté de l'Ouest Rhodanien (COR) and its neighboring territories

WORKSHOPS Toward Sustainable and Inclusive Mobility

- Awareness-raising
- Mobility meetings (Mobility Cafés)
- Eco-mobility (Eco-driving Workshop, “Roultoudou” Event)

- “Alternative Mobility” Workshop (All About Bikes, Back in the Saddle Workshop, Bike Repair Workshop, Bike Parade)

Map of solutions in the region

We are working to identify all available solutions—whether institutional or not—within the region. This map is the first tool we are making available to those who wish to explore the Beaujolais Vert region using alternative modes of transportation.
