## SUPPORTING THE ECOLOGICAL TRANSITION IN OUR WAY OF LIFE

Structure : ALL HUMMINGBIRDS

Marennes

Auvergne-Rhône-  
Alpes

Helping you make the shift to a more eco-friendly lifestyle!

Carrying out projects that support the ecological transition of the Pays de l'Ozon region and its surroundings!

The association's activities are centered around six key areas of the ecological transition: mobility, biodiversity, the circular economy, energy, food, and water.

*The goal is to carry out actions that:*

*\* Engage citizens on the challenges of the ecological transition\* Educate, inform, raise awareness, and share knowledge\* Foster the exchange of experiences within and beyond the association\**

*Support the evolution of practices, in line with the association's values: respect for everyone, active listening, kindness, and support\**

*Lead and support the implementation of meaningful citizen-led projects for the region*
