Community-led housing

Structure : MAS REYNES

Montpellier Occitanie

Le Mas Reynes, located in Montpellier between the Faculty of Sciences and Plan des Quatre Seigneurs, is a communal living space shared by about fifteen people of all ages.

Description

- Residence occupied since 2011
- Transportation: Tram Line 5 at 600 m, Line 1 at 650 m. …
- Co-owned cooperative without a property manager, Association le Mas Reynes
- Cultural projects (performances, publishing), environmental projects (ecology, LPO, gardening, animals), social projects (welcoming migrants) …

- About fifteen people of all ages, living in five buildings

Beyond “living together,” our community is open to the outside world through cultural, environmental, or social projects.

Who? About fifteen people of all ages

What? This housing community is also a cultural association with extensive experience and a rich program

Where? The property, approximately 1 hectare in size, is a “classified wooded area” covering 80% of its total area. It features garrigue vegetation beneath a stand of Aleppo pines. A natural enclave within the urban fabric, it boasts rich biodiversity. Since 2015, Mas Reynes has been designated an LPO Refuge (Bird Protection League).
