Community-led housing in Montpellier

Structure : TERRA DORA

Montpellier Occitanie

A pioneer in community-led housing in the Montpellier region since 2008, the éCOhabitons association brings together citizens eager to build a model of communal living based on solidarity, environmental sustainability, and the sharing of resources.

TERRA DORA is part of the éCOhabitons network

Description

This project stands out (among other things) for the following qualities…

1. At the heart of the vibrant Cité Créative
2. Highly advanced ecological principles
3. Convenient access via the future Line 5 tram
4. A 350 m² rooftop terrace and a beautiful common room
5. Direct proximity to Montcalm Park

About twenty residential units

Occitanie Gold-level sustainable building certification.

Green facade, rammed earth walls, on-site solar power generation, and rainwater harvesting for plant irrigation.

The co-owners have formed an association to manage the common areas

Terra Dora promotes social, cultural, and generational diversity
